Exhibition Agreement

■(1)Management Office

Management Office stated herein means organization or representative to hold, organize and manage the Japan International Welding Show 2020 established by organizer.

■(2)Terms of validity of Application and Exhibition Rule

Application of exhibition can be accepted by filling out the appointed form and signing it. Therewith it is deemed that exhibitor or representative agreed with this Exhibition Agreement and under obligation to obey it. Management Office can object acceptance of application form in case that Management Office judged that exhibitor is inadequate to participate in this show.

■(3)-1 Services to be included in exhibition fee;

- Hall rental fee, hall lighting fee and air-conditioning fee in appointed time.
- Public relations by organizer - AD insertion / poster / brochure / flier / guide book / E-mail Campaign / Web Site Management.
- Wiring work fee and maintenance work fee for common use.
- Expense involved in attendees services.
- Design and planning by Management Office / security management.

■(3)-2 Services not to be included in exhibition fee;

- Expense for move-in and move-out
- Installation and dismantling fee
- Primary & secondary wiring works
- ※Primary Wiring Fee for 1kW (single phase/100V) of the shell Scheme Package Booth is included in the fee.
- Move-in of high-pressure gas, liquefied gas and dangerous substances
- Grounding
- Usage fee of wrecker or forklift
- Exhibitor's booth telephone
- Wiring fee and communication fee such as telephone or internet connection for exhibitor's own use
- Hall rental fee in overworked time
- Working fee and consumption fee for water supply, gas piping, draining, grounding and antenna.
- Expense for disposal of trash.
- Other expense not included in booth fee.

■(4)Payment of exhibition fee

Exhibitor or representative should transfer the advance payment in the amount of 100% of exhibition fee to the bank account upon application within 30 days.

■(5)Cancellation - including partial cancellation

Exhibitor or representative will be liable for 50% of fee in case of cancellation before September 20 2019. In case of cancellation after September 21 2019, exhibitor or representative will be liable for 100% of fee. In case that it is impossible to hold the Japan International Welding Show 2020 owing to natural occurrence, Management Office have the right to cancel contract. Exhibit fee already paid by exhibitor or representative should be reimbursed in proportion to applied contracted fee after offsetting necessary expenses.

■(6)Booth location, Exhibition booth and Leasing

Booth location should be determined by Management Office in consideration of order of application, scale of exhibit and conventional achievements. Management Office has the right to change hall plan or booth assignment owing to inevitable circumstances. In this case exhibitor or representative can not object or be compensated for it. Exhibitor or representative shall not lend, sell and transfer exhibit booth without approval of Management Office.

■(7)Management of the Japan International Welding Show 2020

Management Office can make and revise supplementary rules in order to carry out works smoothly. Management Office can stop exhibitor's participation of exhibition in case that exhibitor or representative violates rules prescribed in this document or exhibitor's manual. In that case Management Office have the right to dispose of booth space

and handling of exhibit fee should be based on exhibition agreement No. 5. In addition, Management Office does not provide security in exhibitor's booth.

■(8)Prohibited Acts

Management Office can order exhibitor to stop exhibition in case that Management Office judges that exhibitor may exhibits inadequate products and may disturb other exhibitors. In that case Management Office have the right to dispose of booth space and handling of exhibit fee should be based on exhibition agreement No.5. If exhibitor fails to commence use of the allocated booths by April 7, 2020, exhibitor will forfeit the right to use booth.

■(9)Prohibition on Demonstrations of Imitation and Fake Products

The display, distribution, and sale of imitation and fake products that infringe on intellectual property (IP) rights are prohibited. If any exhibited product is judged to be an imitation or fake, the Secretariat may take measures to remove the product, based entirely on its own discretion. Affected exhibitors will not be able to protest the measures taken. Exhibitors will also be obliged to cooperate in any investigation by the Secretariat into whether a product is an imitation or fake. The resolution of any dispute relating to the IP of exhibitors will be the responsibility of affected exhibitors. The Organizer and Secretariat will not assume any responsibility for this.

■(10)Management and exemption of exhibition product

Management of product shall be done by exhibitor. Organizers and Management Office are not responsible for any damage, theft and loss of products.

■(11)Insurance

Accident insurance from installation to dismantling shall be taken over by exhibitor. Organizer and Management Office are not responsible for any accidents.

■(12)Compensation

Exhibitor or representative are responsible for any damage done to other exhibitor's booth, hall, or facilities. Organizer or Management Office are not responsible for these damages.

■(13)Move-in, move-out and dismantling

Exhibitor is prohibited from carrying-in, carrying-out and dismantling during exhibition without approval from Management Office. Maintenance or cleaning of product within booth shall be at the obligation of exhibitor. Products which are not dismantled by appointed date and time shall be removed by Management Office at the cost and risk of exhibitor.

■(14)Sales in booth

Exhibitor shall be approved by Management Office to sell product in booth. Management Office can stop sales of product and exhibit on a basis of exhibition agreement No. 8.

■(15)Consent to the "Exhibition Agreement" and Competent Court

On completing their applications, an exhibitor or its representative is considered to have consented to this "Exhibition Agreement" and "Exhibitor Manual" and any other regulations that the Management Office has stipulated. In the event of any unresolvable dispute between the Management Office and an exhibitor, visitor, or other related party-or between any two or more of these parties-the matter will be settled in accordance with Japanese law, with the Tokyo District Court serving as the highest competent judicial authority. All rules and regulations will be interpreted in accordance with Japanese-language laws and regulations and the laws and regulations of Japan.
